

▪ **Profile:**

The joint stock company OZETA NEO (OZETA NEO, for short) is the largest producer of men's garments in Slovakia and its production capacity and commercial connections make it one of the most important producers in the whole of Europe. OZETA NEO builds on the tradition of the quality brand of men's wear originally produced by the company Ozeta, Odevné závody (clothing works), a.s. in Trenčín. Since November 1st 2003 OZETA NEO is a member of the Central European private equity company **Penta**.

The company currently produces not only men's suits but also women's garments, coats and leisurewear in factories in Trenčín, Topoľčany, Tornaľa and in a facility at Skalica. Most of the production goes to export, and is sold to nearly every country in Europe.

OZETA NEO aims to increase production in the future and expand its exports, and thereby achieve a stable position in the clothing industry in European markets.

**Product range:**

OZETA NEO's production programme consists of the following basic product groups, both men's wear and women's wear:

- suits
